

29 JUL 1977

MEMORANDUM FOR: Chief, Information and Analysis Staff, DDA

FROM: Charles A. Bohrer, M.D.
Director of Medical Services

SUBJECT: Supplementary Guidelines for Declassification
of OMS Materials ☐

25X1

25X1

☐ The following guidelines are supplementary to general declassification exemptions set forth in Section 5B(1-4) of Executive Order 11652 and should be applied to Office of Medical Services materials awaiting declassification:

IV-1A
IV-3A&B

- A. Information which identifies the cover and functions of OMS personnel assigned ☐ should continue to be classified. Such information may be declassified 75 years following dissolution of the facility.

25X1

IV-1C

B. ☐

25X1

I-4

- C. Documents and information received from U.S. or foreign governments may not be declassified without the explicit approval of the originating Agency.

IV-2A

- D. Information which reveals the Table of Organization, number of employees, or the budget of OMS should not be declassified.

II-2

- E. Information involving pseudonyms, cryptonyms and codewords normally requires continued classification. However, if the document does not contain information which would require continued classification, the information may be declassified after excision of the pseudonym, cryptonym or codeword.

25X1

SUBJECT: Supplementary Guidelines for Declassification
of OMS Materials ☐

25X1

Non-national
security
restriction

- F. Medical records are normally classified by the medical profession as medical confidential. This restricts the transfer or disclosure of information contained therein to the individual, his designated physician or legally authorized persons.
